

These are the minimum technical requirements to ensure a great sound and performance. If you have a problem meeting any of our technical requirement feel free to contact us immediately to discuss.

SOUND SYSTEM

Line array or 3 way active (tri-amped) sound system, in stereo, capable of 110 dB constant at mix position without distortion and fully covering the audience area. Components should include a 18" driver for low frequency. The system loudspeakers must be configured as a Left/Right stereo pair; center clusters, balcony fills etc. are fine providing they are an addition to the main L&R speakers - any such additions should be independently controllable from the mix position...

The sound board, lighting desk and a video projector will be placed in the middle of the venue.

The promoter allows the production crew to determine the location of their equipment.

Sound and video system should be in place and functional at the time of the band equipment load in.

We will need a qualified sound engineer and a specialist in AV before and during the show.

SOUND & VIDEO CHECKING

Sound check time should be 2hrs before doors open. Average sound check time is 1 hour and video check 1 hour. This should be completed ONE hour before doors open to allow time for the group to prepare for the performance.

TECHNICAL REQUIREMENTS

1 stage platforms : 2 meters x 1 meter height: 1 meter

Sound

Two (2) XLR line

Three (3) monitors on three (3) different mixes (with bandswitch frequency 30hz to 20000hz)

Five channels (5) of 31 band graphic EQ; two for P.A. and three for monitors.

Video

1 video projector 8000 lumens minimum. Resolution minimum 720p (recommended 1080p)

Large projection screen on stage behind performers : should fill the width of the stage

16:9 widescreen format 8m x 4.5m minimum

Cabling HDMI video on stage (Video comes out from Antoine's Mac book pro)

BACKLINE TO BE PROVIDED BY THE HOST

1 Mackie mixer 1402 VLZ

4 power strip (Euro) and voltage converter if necessary (equipment 220 V)

10 instrument cable mono 0,80 cm to 1,50m max

2 – 3 pin power cables

INPUT LIST

N°	Intrument	Mic/DI	Insert	AUX
1	Out Left Franck Vigroux	XLR		1-3
2	Out Right Franck Vigroux	XLR		2-3

Stage Monitors 1-2 must be in stereo and in running order.

STAGE PLOT

CATERING

Hôtel 3 stars minimum

1 hot meal, organic fresh fruits, vegetarian food, mineral water
